Packing according to standard export with carton logo

Mangosteens are a unique and truly special fruit in Vietnam. They are difficult to grow and can take 8-15 years for a tree to begin bearing fruit. The vibrant purple outer shell is shiny and easy to crack open. The inner flesh is a soft white with a sweet and sour taste rich in antioxidants.

VietFruit.Vn Limited Partnership is engaged in the trading, import and export and development of Agricultural Products and Processed Foods & Beverages, with a strong accent on healthy, natural and Organic /Bioquality standards. Delicious tasting products with standards acceptable by even the most stringent markets in the EU, Japan and the USA are what we strive to source and provide.

Feel good, Healthy Taste, and Delicious prices!

Thank you

Queen Mangosteen
